

An Archive of the musical compositions by Herb Bielawa

Composition: **Concert Fanfare** – band

Date: 1964

Duration: 4:16

Recording: San Francisco State University Band

Program Note:

Concert Fanfare was written while I was composer-in-residence for the Spring Branch School System in Houston. As titled, it has the features of a typical fanfare. However, it goes much further compositionally with developmental extensions and development, making it a genuine concert piece.
